You got me running circles
I can't sleep at night
I got the love jitters
I'm not a pretty sight
You got me seein' double
I'm in a world of trouble

You got me in a world of trouble
You got me in a world of trouble

I'm all shook up
I'm in a nervous wreck
I got the hounds of love
Breathin' down my neck
You got me seein' double
I'm in a world of trouble

You got me in a world of trouble
You got me in a world of trouble

You say you will and then you won't
You say you do and then you don't
You got me - in a world of trouble
In a world of trouble
In a world of trouble

I'm out on a ledge
And I'm lookin' down
I'm at the waters edge
And I'm about to drown
You got me seein' double
I'm in a world of trouble

You got me in a world of trouble
You got me in a world of trouble
