I thought I swore to you yesterday  
that i wasn't gonna say anything about you  
I thought I made it very clear  
that I wasn't going to make any wrong to you

now you are coming unto me  
screaming like if you knew something  
when it was that bitch you told everything  
that said it to everybody...

(are you sure you wanna blame me  
alright...)

Chorus:  
no no don't tell me no more no  
don't say sorry no no  
you never trust anybody  
no no I don't wanna hear it  
apology not accepted  
you just blamed me for some stupid  
thing...

yes you idiot I promised you  
where is your mind every time  
I talk to you?  
never mine why am I asking  
you never pay attention  
you are just a freak...

then you come and say sorry  
after you screamed at me  
so savagely  
so I turn around to you  
with a grim that scares you  
and I say

chorus 1

Chorus 2:  
no no go and leave me alone  
ho! don't you dare and touch me  
I will punch hardly trust me

don't believe just try and grab me  
my arm will swing you badly  
you will get it with purple eyes and more

instrumental

chorus 1 & 2

ahhhhhhh ahhhhhhh
