the love the fame the fortune  
its everything you want  
everything you've fought for  
or isn't that right  
you thought it would be simple  
to have it by your side  
what you didn't think of  
was the other hand...

Bridge:

if you want one  
gotta give a thousand  
cus nothing comes for free  
it might sound really simple  
the way of its description  
but its a pain you see  
you need to comprehend it  
if you don't want to be  
part of the controversy  
that comes to you and takes over  
with ease...

that comes and stays  
it wont go away..

Chorus 1:

do you want to be part of the world  
that I have to offer  
of this dynasty  
as I say  
is this life what you want to live  
is this dynasty enough  
to be happy...

I always thought of mansions  
cars and expensive clothes  
to be a famous pop star  
and just feel all the love  
but as i got closer  
I realized there's more  
at the end the vanity feels like  
the extra point..

## Bridge

### chorus 1

#### Chorus 2:

do you want to  
go through all this life  
yes it might be dear  
but you pay the price  
gossip and crap  
talked behind your back  
worse then what in high school  
people could come up...

oh oh  
uoh uoh  
oh oh  
ouh ouh ...

its quite simple  
you gotta just push away yourself  
don't get closer  
because once you get caught  
you'll never be released  
I know what I'm talking  
I know what I'm saying  
I'm not lying  
I'm not lying  
I've experienced it...

and this life  
is great at times  
but it does get harder  
within the life...

### chorus 1 & 2

oh oh oh oh oh  
what you gonna say  
what you gonna say...

you thought your life was hard  
you kept it going now  
what you don't see is that  
fame and fortune cost a lot  
more than a million  
I can tell you that  
it sticks there for the rest of your life...
