Ft. Problem & Tank

[Chorus]

Where you wanna go, everything is stopping
Girl you in control, everybody watching
I admire what you do, do, do, do, do, do,
I see the way you walk, go on molly pop it
Green make you go, I don't want you to stop it
I admire what you do, do, do, do, do, do,
I do,

Baby you are so sexy, a maniac, yeah a brainiac, shit
maybe you should come test me
Balling big, yeah balling big, shit ask me
Jay z thanks for that line
Heard about you from the home boys
But I didn't know you was that fine
Like damn, where you been? Party like a house girl let
me in
Your man is a loser, I bet I win, bet I win, bet I win
You're looking like a lick I can run up here
I bet if I hit your mind be gone, till november,
Then call it december, last love stope me if I'm wrong
Shhhh, quiet, huh
I make you laugh, I'm a riot, huh, you can tell by my
look,
I'm a bad bitch crook
Walk in the spot, every bad bitch look
Walk in the spot, every bad bitch took
Had so many bad bitches with ass in my past
No gas askig by the bad bitch put
Holding the book with that average look but

[Chorus]

Where you wanna go, everything is stopping
Girl you in control, everybody watching
I admire what you do, do, do, do, do, do,
I see the way you walk, go on molly pop it
Green make you go, I don't want you to stop it
I admire what you do, do, do, do, do, do,
I do,

I come in, a cool night, she pulling on my chest
My tattoo she kissing, my tattoo she kissing
Her panties, got missing, hennesy I'm sipping
She so wet, I'm swimming, she so wet, I'm drowning
And it don't happen at your job
Cod, sin city, perfection's stadium,
Onyx, I'm just beeing honest
I tip her, she owese me, the tip it, no clothing
Looking at my rollex, while your head's in motion
To myself I'm toasting, lame niggas get no sex
Turn around and back it up, drop it low then notch it up
Fuck her head and ill know, just keep dancing on the
pole

[Chorus]

Where you wanna go, everything is stopping
Girl you in control, everybody watching
I admire what you do, do, do, do, do, do,
I see the way you walk, go on molly pop it
Green make you go, I don't want you to stop it
I admire what you do, do, do, do, do, do,
I do,

If you wanna go, baby I can drop it
Get you on the ropes, beat it till I knock it
Babe you holding bags, you should go and drop it
I got all this cash, you should go and drop it off
I'm willing to manage you and take this whole thing
over
Find out what your real name is and get a little closer
These other niggas and they're playing with your
feelings
I would take you outta here and make you have my
children
Yeah I'm gone, a nigga really outta getting turned up
But a quicker now but in the work up,
I go work up in this thang
I got best way of life, best way to take flight
Best of a nigga would have give you
That the better of life.
