Come and f with me
I really want it
You girl I really wanna know
Your name
Come and f to me
I really wanna meat you girl
I really wanna know your name
You think you know me
Really you don't
Let me help you make your mind

You look so sexy
You really turn me on
You are on my mind every time I see your face
I've been watching you for so very long
Find to get my nerve .. to be so strong
First time we are together and I try from where I stand
Cause you are the kind of lady with so much ass
