[Omarion]

This is the part where you start to discover, 'scover  
I'm the one to bring your body comfort, comfort

[Lil Wayne]

That's right  
Hello world  
I bring to you  
The O with the crown  
He gettin' down, yeah! He gettin' down  
Young Money!

[Omarion]

What do you want  
What do you need  
I'll be right there, there, there  
Comfort, I got  
Comfort I bring to you  
I'ma turn it on tonight  
I'm your TV, your TV, music and all

How do you like the music, music  
This is your comfort  
Singing Ohh Ohhh  
How do you like the music, music  
I'll be tonight  
Your, comfort, your, comfort, your, comfort,  
comfort, comfort, comfort, comfort,  
your, comfort, your comfort, comfort, comfort, comfort

I am remedy for your lonely heart  
Whenever it is you want me  
I am not too far  
To give you what you needing, what you needing  
Need to be your cure  
I gotta fill that void  
So you feel good inside

How do you like the music, music  
This is your comfort

Singing Ohh Ohhh  
How do you like the music, music  
I'll be tonight  
Your, comfort, your, comfort, your, comfort,  
comfort, comfort, comfort, comfort,  
your, comfort, your comfort, comfort, comfort, comfort

The feelings getting stronger  
I gotta be there

This is the part where you start to discover, 'scover  
I'm the one to bring your body comfort, comfort  
I'm your TV, your TV, music and all

[Lil Wayne]  
Hello I'm paradise  
Mr. Marsha, sex on a satellite  
What'cha know 'bout good weed and Gang's night  
You won't stop, no brakes, no hazard light  
I satisfy, very accurately  
I work in the satisfactory, the factory  
How about a dance in the Daiquiri  
Then I gotta pin to the bed like we Razerly  
I'm Weezy F baby boy  
Comfortable like a lazy boy  
And shawty soundin' like a tazer-boy  
Make me drop to my knees and praise da' boy  
I got the music on mellow  
Champagne, hello  
Make me wake up to make up on the pillow  
Im her TV, Im her Weezy and all

[Omarion]  
Ohhh, comfort, your, comfort, your  
I will be your comfort, comfort, your, comfort,  
your, comfort, comfort, comfort, comfort, comfort  
You can call me  
You can call me

[Lil Wayne]  
See Im the rapper, and he's the dancer  
and together we are  
Your comfort
