Uh Â... yeah Â... ahh Â... one of those ? Â... Kind of
thangs Â... T.U.G Â...
Listen (Baby Girls)

[Verse One]

IÂ've been noticing you been going in and out when
you feel the need baby
But I canÂ't help but to wonder where Â... where you
areeee (awwhh no)
See IÂ've done my dirt, chasing all them skirts all
around the world IÂ've done my do.
But when it comes to you I will loose my head, but itÂ's
hard to sleep alone

[Chorus]

And I know when IÂ'm away
You miss me all day
But driving me crazy girl IÂ'm fiening you
But you leave me all alone
IÂ'll be back 4sho
Just so that you know girl IÂ'm fiening you
When you need to be relaxed lay down on your back
Know who you can ask cuz IÂ'm fiening you
Baby know all threw the day you keep me in my place
One thought of your face and I fiening you

[Verse Two]

When youÂ're not around, baby girl IÂ'm down and out
cuz IÂ'm thinking about you (whoaaa)
(Are you creeping on me?) Baby just let me know
Who it is?, What it is? Right now
Fo it get real ugly
This situation bugs me
Tell me if you love me
Or if this means nothing (whoaaa)

[Chorus]

And I know when IÂ'm away

You miss me all day
But driving me crazy girl IÂ'm fiening you
But you leave me all alone

Iâ€™ll be back 4sho
Just so that you know girl Iâ€™m fiening you
When you need to be relaxed lay down on your back
Know who you can ask cuz Iâ€™m fiening you
Baby know all threw the day you keep me in my place
One thought of your face and I fiening you

[Break Down]

You know what Iâ€™m about
Iâ€™m not just a thug
Heâ€™s tryna turn you out
Iâ€™m there for you girl, Iâ€™m found
What it is, said what it is, I wanna let you know that Iâ€™m
fiening you

You know what Iâ€™m about
Iâ€™m not just a thug
Heâ€™s tryna turn you out
Iâ€™m there for you girl, Iâ€™m found
What it is, said what it is, I wanna let you know that Iâ€™m
fiening you

[Chorus]

And I know when Iâ€™m away
You miss me all day
But driving me crazy girl Iâ€™m fiening you
But you leave me all alone
Iâ€™ll be back 4sho
Just so that you know girl Iâ€™m fiening you
When you need to be relaxed lay down on your back
Know who you can ask cuz Iâ€™m fiening you
Baby know all threw the day you keep me in my place
One thought of your face and I fiening you
