Yea(young money)
Back like I left something (omarion)
So I got this situation
My girl has been hanging out with this other girl
Let me talk about...

Verse 1:

Where is my girlfriend, I've been calling
She aint picked up(picked up)
Somethings's fishy, she wont hit me
Now I'm sitting here like what the... (what the what the)
This is so unusual, she never did it like this before
She usually calls me back within an hour
I bet she's out with what's her name
The girl that doesn't have a man
Assumptions in my mind got me confused girl

Hook:

Sometimes she can't keep her pretty hands off me
But when she's with her girlfriend she don't even speak
She can spot a pretty girl faster than I can
Tells me that she loves me but I'm tryna understand
I think my girl is bi yi yi yi yi yi yi(3x's)
Should I say goodbye, should I give it a try
I think my girl is.

Verse 2:

Secret conversations in my face they talking low(they talkin low)
Matching tatoos to the bathroom
At the same time there it goes(ooo)
This is so unusual, never been thru this before
Affection aint the same when she around('round her)
I wonder if I'm trippin, visions of them kissin
Now I wanna know the truth cuz

Hook:

Sometimes she can't keep her pretty hands off me
But when she's with her girlfriend she don't even speak
She can spot a pretty girl faster than I can
Tells me that she loves me but I'm tryna understand
I think my girl is bi yi yi yi yi yi yi(3x's)

Should I say goodbye, should I give it a try
I think my girl is.
