(Omarion)

In the beginning we were supposed to be temporary

But you put that thang on me.

Then tryna explain to me

That i should just let it be

Cause I'm lookin crazy.

But I can't be concerned with that.

I'm tryna get it again.

(Chorus)

Said I'm not that hard.

You pull my card

Girl I'm tryna kick the habit,

I'm addict.

I can't let you go,

Even though I know

That you're not what I need, ain't good for me

I just can't let you go.

You got a man but you all up on me.

And I know I should let it go,

You knockin' down my door

And put the blame on me.

When you're talkin to your homies.

I ain't concerned with that,

I'm tryna get it again.

(

Chorus)

I'm not that hard.  
You pull my card
