

Omarion "Morning"

Visit "[Morning](#)" on MotoLyrics.com

I know it's been a long time but
This here right here is the Omarion mix
Let's go

Can I heat it while it's storming, storming
While the weather's transforming, transforming
Can I heat it in the morning, morning
Can I heat it in the morning, morning
While the weather's transforming, transforming
Can I heat it while it's storming, storming

Baby this your morning
Go ahead and own it
Be the landlord
Property owner
All exclamations
It's how it happened
My Aston Martin
The sex was trapped in
I didn't get a chance to take her to dinner
I saw the front ? she's no beginner
Even in her 2 seater I had to pin her
Then got on the fly
Do you remember
Cause I do I do
Will there be a round 2
Question mark
Damn I should have missed my flight my flight
He would only be right on right in
To cook you breakfast bacon eggs and toast
Don't forget the ring

Can I heat it while it's storming, storming

While the weather's transforming-forming
Can I heat it in the morning, morning
Can I?
Can I heat it in the morning, morning
While the weather's transforming-forming
Can I heat it while it's storming, storming

God bless the women that can hold patron

God bless her home girl that drove us home
No strings attached like a cordless phone
You see my intentions with you was clear
I'm learning not to judge a woman by the shit that she
wear
Therefore you shouldn't judge a nigga off the shit that
you hear
Get all defensive apprehensive all because my career
To be fair I know we barely know each other
And yeah somehow I wound up in your bed
So where we headed from here
To say you're scared if you're scared but if you're
through frontin? we can do somethin?
And you know just what i'm talkin? about
Tomorrow you'll be calling out
Cause tonight we getting right into the ?
Cook a nigga breakfast after sex is like a reward
Then I go my own way you think about me all day
That's just a warm neck
Can I hit in the morning (x3)
The sun rising while you're mourning
Can I hit in the morning (x3)
The sun rising while you're mourning
Yeah
