At the movies one night  
Sportin' apple bottom jeans  
And them Gucci boots  
Saw you walkin' my way  
Some M&M's and a Mountain Dew

Ooh wee, you switch ya booty  
When you walk by  
Ya handcuffed to a nigga  
But it's alright, girl, before ya go  
Slide ya numba on the low

I wanna fool wit you  
Are you down wit that?  
With no strings attached  
I wanna fool wit you  
Keep it on the low

He ain't gotta know  
I wanna fool wit you  
Gotta put it down  
When yo man ain't around  
I wanna fool wit you

I see ya sittin' real close  
Got ya man on the side  
But we doin' the most  
Grip my hand on yo thigh  
So I can feel underneath your clothes

Ain't nobody knowin' and it's so hot  
Got a nigga goin', baby don't stop  
You'll be more than just a lover  
But for now we undercover

I wanna fool wit you  
Are you down wit that?  
With no strings attached  
I wanna fool wit you  
Keep it on the low

He ain't gotta know

I wanna fool wit you  
Gotta put it down  
When yo man ain't around  
I wanna fool wit you

Can sneak out the exit door  
Go into the movies so he won't know  
When we sip on the Cris  
I'll give you some of this  
Be back before the credits roll

You know I know  
That you want me to grab that waist  
And I know you know  
That I gotta get a taste

I wanna fool wit you  
Are you down wit that?  
With no strings attached  
I wanna fool wit you  
Keep it on the low

He ain't gotta know  
I wanna fool wit you  
Gotta put it down  
When yo man ain't around  
I wanna fool wit you

(Baby tonight I'll freak ya body right)  
I'm gonna freak ya body right  
I'm lovin' them lips them hips  
Them sexy thighs, those sexy thighs

Meet at my place so we ain't gotta hide  
We ain't gotta hide so I can fool wit you  
Fool wit your body, honey

I wanna fool wit you  
Are you down wit that?  
With no strings attached  
I wanna fool wit you  
Keep it on the low

He ain't gotta know  
I wanna fool wit you  
Gotta put it down  
When yo man ain't around  
I wanna fool wit you
