Roll out of bed, look in the mirror
And wonder who you are
Another year has come and gone
Today is your birthday
But it might be the last day of your life
What will you do if tomorrow it's all gone?
[It's all gone]
You won't be young forever
There's only a fraction to the sum
You won't be young forever
Nor will anyone
So...
Look at your life, who do you want to be before you
die?
Look at your life, what do you want to do?
Look at your life, who do you want to be before you
die?
Look at your life, you haven't got forever
And tell me what really matters
Is it the money and the fame?
Or how many people might eventually know your
name?
[know your name]
But maybe you touch one life
And the world becomes a better place to be
Maybe you give their dreams another day
Another chance to be free
You won't be young forever
There's only a fraction to the sum
You won't be young forever
Nor will anyone
So...
Look at your life, who do you want to be before you
die?
Look at your, what do you want to do?
Look at your life, who do you want to be before you
die?
Look at your life, it all comes back to you.
[appy birthday][repeat x8]
You won't be young forever
There's only a fraction to the sum
You won't be young forever

Nor will anyone

So...

Look at your life, who do you want to be before you
die?

Look at your, what do you want to do?

Look at your life, who do you want to be before you
die? [repeat x3]
