Drag down  
Feel this  
Fatal heartbeat  
So deep  
Like a pound-pound-pounding  
In the street  
Cry out  
I heard you  
Slowly waking  
Drowned out  
And slowly making back the wrapping line

They cut the bloodline in the center  
And injected this hated strain  
They cut the bloodline  
They left it wanting  
Feeding on this you'll remain [youth remains]

(And She Goes)  
Give me the Light  
Give me your Love  
Give me your Innocence  
Give me the Blood  
Give me your Life  
Give me your Love  
Give me your innocence  
Give me the Blood  
Give me the Blood  
Give me the Blood

Fallout  
That they left here from the time before  
Fall down  
This throb-throb-throbbing war  
Reach out  
But the words are so empty  
Fall then  
And the edges fade to black

They cut the bloodline in the center  
And injected this hated strain  
They cut the bloodline

They left it wanting  
Feeding on this you'll remain [youth remains]

(But We Go)  
Give me the Light  
Give me your Love  
Give me your Innocence  
Give me the Blood  
Give me your Life  
Give me your Love  
Give me your innocence  
Give me the Blood  
Give me the Blood  
Give me the Blood

They take away  
The very breath  
To see it here  
And make it hurt  
I want to feel this inside-out  
All of you have watered-out  
I want to try it in this soul  
To drink it free  
And part it whole  
A sacrifice you will not give  
You must not try  
It will not tear  
Writing old  
And right inside  
You want to find the very heart  
Bloodline

Give me the Light  
Give me your Love  
Give me your Innocence  
Give me the Blood  
Give me your Life  
Give me your Love  
Give me your Innocence  
Give me the Blood  
Give me the Blood  
Give me the Blood

They try this fight  
To make it free  
And dance inside this entropy  
They move the cut  
They bite the runt  
Who'll break it and fall there undone  
They're looking hard  
The final dead

Another face may part it red  
They want to fight  
They want to see  
Enrapture you  
For eternity  
For eternity
