Concentrate the sun on my skin late in the day.
Heat me outside heat me in. . .
Keep hyena's away.
I've heard the righteous voices claim isn't that right ?
All i know is they're taking me down to dreamland.
Need a hand to shade my eyes.
Isn't it bright?
Innocent and unprepared,
Surrounded with lies.
Law of jungle. . . law of man
So hard to define.
All i know is they're taking me down to dreamland.
Take a life a life like mine, what is it worth ?
Sacrifice a year of my time. . .
Chapter and verse.
Draw a picture in the sand with the end of my gun.
All i know is they're taking me down to dreamland.
