"Halo"

A broken prayer for inspiration
God be with me on this day
So much fear I try to hide it
But now I'm not afraid

(Bridge):
When all is lost
And hope's a ghost
There is no where left turn
Release the light
A Nova bright
Below the halo burns

(Chorus 1):
We won't sit down
We won't shut up
We won't go quietly away
We won't accept
we won't pretend
That we are less than fearless
The truth will find the deepest mark
No matter who you think you are
As the dark against my halo
No uncertainty
A ring of light still burning in me

I face the crowd the curtains down
I see the jackals all around
I know they came to watch me fall
The end will come (but not today)

(Bridge)

(Chorus 2):
We won't give up
We won't give in
We won't be taken down this way
We won't accept
We won't pretend
That we are less than fearless
The truth will find the deepest mark

No matter who you think you are
As the dark against my halo
No uncertainty
A ring of light surviving in me

(Chorus 1)

(Chorus 2)

I see my halo
We are.
I see my halo
We are stronger now.
