Cold, unmoving
Frozen in place
Is this the way the future falls
Still breathing, still thinking
Perspective displaced
It's just like feeling nothing at all

And scratching the surface, I'm digging to see
If there's anything behind these eyes
A concept to guide us, each day we decide
Do we stay and fight
For what we know is right

There's a calling, the angels
Hanging lights in the sky
Take a hard look around you
Become a hero inside

You're not alone
Together we're unstoppable, unbeatable
(You're not alone)
You're not alone in this
And I will always be with you
You're not alone
(You're not alone)
Together we're unstoppable, unbeatable
(You're not alone)
You're not alone, my love
We are united, indivisible

And call it courage, overcoming the fear
To conquer first the demons inside
That when the madness descends on our dreams
We have the strength to keep them alive

The purpose of one becomes the purpose of all
A phalanx made from what we believe
A ghost or an angel, a wish or a prayer
Just open your eyes, your heart, your mind
And breathe

There's a calling, the angels
Hanging lights in the sky
Take a hard look around you
Become a hero inside

You're not alone
Together we're unstoppable, unbeatable
(You're not alone)
You're not alone in this
And I will always be with you
You're not alone
(You're not alone)
Together we're unstoppable, unbeatable
(You're not alone)
You're not alone, my love
We are united, indivisible

Not alone
I walk through the valley in the shadow of death
I'm not alone

I walk through the valley in the shadow of death
(You're not alone)
I walk through the valley in the shadow of death
(You're not alone)
I walk through the valley in the shadow of death
(You're not alone)
But I don't fear

You're not alone

There's a calling, the angels
Hanging lights in the sky
Take a hard look around
Become a hero inside

You're not alone
Together we're unstoppable, unbeatable
You're not alone in this
And I will always be with you
You're not alone
Together we're unstoppable, unbeatable
You're not alone, my love
We are united, indivisible
You're not alone
Together we're unstoppable, unbeatable
You're not alone in this
And I will always be with you
You're not alone
Together we're unstoppable, unbeatable
You're not alone, my love

We are united, indivisible
