"Last Breath"

Somewhere in the darkness I stand
Watching and waiting again
Somewhere in the darkness she cries
And I hear the silent cry
The silence

Her lips are cold like death
And she steals away my last breath
As I reach into her soul
And coldly let her go
I let her
Her lips are cold like death
And she steals away my last breath
As I reach into her soul
And coldly let her go
I let her go

Somewhere in the darkness I stand
Watching and waiting again
Somewhere in the darkness she cries
And I hear the silent cry
The silence

Her lips are cold like death
And she steals away my last breath
As I reach into her soul
And coldly let her go
I let her
Her lips are cold like death
And she steals away my last breath
As I reach into her soul
And coldly let her go
I let her

Now I feel it moving to light
different faces going still
Down in back with all this fight
Till nothing else matters tonight
Glance back and glance back through
With all they see
You have to let me know

Cut hold
Cut tight
Tragic faces
Different fight
Send a shockwave
Home
Ripping close
And gripping god
Gripping god

Her lips are cold like death
And she steals away my last breath
As I reach into her soul
And coldly let her go
I let her
Her lips are cold like death
And she steals away my last breath
As I reach into her soul
And coldly let her go
I let her go

I let her go
I let her go
