"Love / Tragedy"

Scented pain and seperation
defies the physics and the form
that life must to exist consume and be reborn
why is this strange attraction
a call to arms with my destiny?
what choice or course of action?
will you leave a path for me

Love laced with tragedy
a sense of agony
why can't i feel love as in a fairy tale?
my world is growing stale
and now I've lost this...love

Systematicly paralyzed from the soul out towards the
eyes
what i feel i have no traction to hold or realize
winking into motivation
i do not trust the things i've seen
and now these lost and found sensations want to
devour me.

Love laced with tragedy
a sense of agony
why can't i feel love as in a fairy tale?
my heart is growing frail
and now I've lost this...love

Love laced with tragedy
a sense of agony
why can't i feel love as in a fairy tale?
my heart is growing frail
and now I've lost this

Love into porvanity
My heart is suvering
Why canÃƒÂƒfÃƒÂ½ i feel love as in a fairy tale?
My world is growing frail
And now i've lost this...love
