I should be ashamed for what you've done to me
It's only happened because I let it be
But no more

You are not wrong, you who believe
Your will defines your destiny
But if you act in selfish fear
Then the truth means nothing

You are not wrong if you perceive
The message veiled in mystery
But if we bury what we dream
We're left with what remains

There is no vision that we surrender
Breathless time can take no prisoners
My avatar, I call you to return
And the cycle is fulfilled

I'm taking back my love, taking back my pride
Taking back my dreams and my life
This is the ground I will defend
A rage of angels bears the end

I'm takin back my hope, taking back my goals
Taking back my memories and my soul
This brand is forged to my crusade
Quicksilver, the future belongs to the brave

You are not wrong if you believe
Perception works its alchemy
And I become the phoenix once again
Transforming destiny

We brace before the fates descending
With resolution never ending
As Nike stands her shield before me
Sophia guide my hand

There is no vision that we surrender
Breathless time can take no prisoners
My avatar, I call you to return

And the cycle is fulfilled

I feel the wishfire burning cold
Black wings to fill the sky unfold
And nothing takes from God his storm
See the angels' eyes transform

I'm taking back my love, taking back my pride
Taking back my dreams and my life
This is the ground I will defend
A rage of angels bears the end

I'm takin back my hope, taking back my goals
Taking back my memories and my soul
This brand is forged to my crusade
Quicksilver, the future belongs to the brave
