Cover your ears  
Disguise the sound  
Change your course  
But don't turn around  
These words you hear  
Will drag you in  
They'll swallow you  
Don't let her win  
Cover your ears  
The hurt will end  
But you mustn't break  
And you mustn't bend  
Don't look back  
It's all the same  
You can't go back  
To that stupid game

The siren song  
The siren song  
The siren song  
The siren song

And you give up  
And when you give in  
You'll dash your heart against the rocks

Close your heart  
Close your eyes  
Before you fall  
To all these lies  
It doesn't matter  
It will never change  
This hated element  
Still remains  
It still remains  
It still remains  
Cover your ears  
Disguise the sound  
Change your course  
But don't turn around  
These words you hear  
Will drag you in

They'll swallow you  
Don't let her win  
Cover your ears  
The hurt will end  
But you mustn't break  
And you mustn't bend  
Don't look back  
It's all the same  
You can't go back  
To that stupid game  
The siren song  
The siren song  
The siren song

The siren song  
Don't look back  
You've got to be strong  
You cannot listen  
To the siren song

The siren song  
The siren  
The siren song
