La la-la la la la-la-la
La la-la la la la-la-la

A secret action to create
Like children sing my dreams awake
So little light
Becomes the sun

Without remorse, the wicked gain
The line uncrossed does not remain
But what I give
They will not take away

We are blind
Out in the cold
We are the dreams that keep you up at night
We are the noise
Out of control
That won't let you rest when you're sleepless
We are the light
Out in the cold
We are the dreams that keep you up at night
We are the noise
Out of control
That won't let you rest when you're sleepless

La la-la la la la-la-la
La la-la la la la-la-la

Our perception doesn't bend
As poetry whose words within survive
A vision carried on

Seize the silence, fears collapse
And generate the questions asked
Ideas like bullets
Infect the mind with thought

We are the lies
Out in the cold
We are the dreams that keep you up at night

We are the noise
Out of control
That won't let you rest when you're sleepless
We are the light
Out in the cold
We are the dreams that keep you up at night
We are the noise
Out of control
That won't let you rest when you're sleepless

La la-la la la la-la-la
La la-la la la la-la-la

You change the way
Tomorrow seize the world

We are the lies
Out in the cold
We are the dreams that keep you up at night
We are the noise
Out of control
That won't let you rest when you're sleepless
We are the light
Out in the cold
We are the dreams that keep you up at night
We are the noise
Out of control
That won't let you rest when you're sleepless

We are the noise
We are the sun
We are your dreams
We are the noise
We are the sun
We are your dreams
We are the noise

We are the light
Out in the cold
We are the dreams that keep you up at night
(We are the noise)
We are the noise
(We are the sun)
Out of control
(We are your dreams)
That won't let you rest when you're sleepless

We are the noise
