Standing on the outside
Wondering if its alive
The feeling that you lost when you were back on the
inside
Standing in the background breathing heavy sighs
Breathe in, breathe out, sit down, slow down
Jump start your heart, check for signs of life
Jump start your heart, check for vital signs

Don't give up on me now
This is a fight that we can win
Don't give up on me now
I feel a pulse, pulse, beat, beat, beating

The trouble is with love and hate
And fear and tears and pain
They're made up of the same things
Difficult to define, rewind
Jump start your heart, check for signs of life
Jump start your heart, check for vital signs

Don't give up on me now
This is a fight that we can win
Don't give up on me now
I feel a pulse, pulse, beat, beat, beating
Don't give up on me now
This is a fight that we can win
Don't stop your heart from beat, beat, beating

This is a fight that we can win

Don't give up on me now

Don't give up on me now
This is a fight that we can win
Don't give up on me now
I feel a pulse, pulse, beat, beat, beating
Don't give up on me now
This is a fight that we can win
Don't stop your heart from beat, beat, beating
I feel a pulse, pulse, beat, beat, beating
I feel a pulse, pulse, beat, beat, beating
