Dust off my machine
Grow anew
A Rhapsody
In tragedy
Wipes the slate clean
Alive
Make me
Rise
Take me
Feel
Emotions unbound
Watch me leave the ground
A Rhapsody
In tragedy
Wipes the slate clean
It's my own emancipation
Releasing it from deep inside
Tongue-tied trepidation
Penetrate kaleidoscopic
A trip across these muddy waters
My salvation lies inside
One more false and frail endeavor
One more stupid place to hide
I love you!!!
