The emotions I have with me as I run through this
observing night are none
The light of life is not with me, far beyond it am I
I don't know where I am!

Deranged is my spirit, inhuman
Flesh of demons, horrible craft of Thee, Lucifer, rape
my innocence
Strengthen the chains that bind me, they bind us
beyond the grave

All ways are dimmed!
No, I won't die, but death is always with me
Limbs, limbs from Hell are upon me
I watch man's spirit, it falls so deep, my eyes are dry,
and struck, moonlight

Deranged is my spirit, inhuman
Flesh of demons, horrible craft of Thee, Lucifer, rape
my innocence
Strengthen the chains that bind me, they bind us
beyond the grave

Father Fiend, Satan
Satan, your angels remove times unasketic, my
memories
Trapped in trance, starvation, an eerie dance
Opening gates for pandemia!
The loss of all...
