"Peace Of Mind"

Too many days have come and gone
I didn't really mean to stay so long
'Cause memories are not what they seem
Flowers fade, like a Summer's dream

(Now listen) lost words are never found
Hand in hand we stood our ground
If I talked to JFK,
I could tell you what he'd say
Imagine it...

All we need is peace of mind
Then one day
Every heart will fall in line
All we need is peace of mind, oh baby
Love is strong, love goes on

Hey did you know your brother's gone
He didn't even know the Viet Cong
If crystal clouds could fill the sky
Lucy lives on the other side

A world full of promises
Live and learn like my daddy says
A generation passing time
Always searching for a sign
Imagine it...

All we need is peace of mind
Then one day
Every heart will fall in line
All we need is peace of mind, oh baby
Love is strong, love goes on

Looking back in reality, I can see so easily
Looking back as I close my eyes
I imagine what life could have been for me

Hey do you know where you are
I never really thought you'd go this far
'Cause memories are not what they seem

Flowers fade, like a Summer's dream

Looking back as I close my eyes
I can see that you're really in love with me

All we need is peace of mind
Then one day
Every heart will fall in line
All we need is peace of mind, oh baby
Love is strong, love goes on
