O sovereign Lord, my gracious Guide
You are a light to my feet
I'll trust your voice along the way
Though the path is unseen
Through the seas and mighty waters
You will always go before
Wonderful counselor
My solution evermore

O sovereign Lord, my saving Strength
Waters quake and mountains tremble
Thunders roar Your name to speak
Mighty God, Strong to save
With complete authority

O sovereign Lord, my lasting love
Ever steadfast in care, correct me
With Your wrath and justice true
Everlasting Father God
Consecrate my life to when fears control
Still Your grace I confess
To still waters You will lead me
And will free me from my shame
Prince of Peace, Sovereign Lord
Honor to your Holy Name
