Sick of my life  
Nothing! To do!  
Get to the other side  
That's where, I'll go!  
I want to be somebody  
Let's get it started somewhere  
I don't know where to start it  
But I'll have to start it somehow

Where's it at  
Can't find it  
I've lost it  
I'm stupid  
I need it  
Can't have it  
Might need sometime to find the road signs (Yeah, I'm  
stupid like that)

Need to find a job  
Where at? Don't know!  
I'm a slack like that  
No hope, lost it  
Let me think about it  
Anyways gots to get it started  
Let's make a band or something  
I'm better off with nothing

Chorus

I can't find my own way  
Might need sometime to find the roadsigns  
Gonna reach the top  
Yeah, I'll say!  
Push 'em fools down if you don't mind
