Can't sleep again
Fourth night in a row
Voices bouncing through my head
I keep on guessing like it's far from over
Looks like another sleepless night

Is it true what they tell me
Coz I always hate to be the last to know
A sudden feel like I really don't know
Who the hell you are anymore

[Chorus]
No matter what you do
You're always gonna miss it
On the most important day of my life
No matter what I do
When I'm all alone
On the most important day of my life

[Verse]
I woke up again
Can't even sleep tight
I keep on rolling around my bed
I keep on thinking when you said it's over
I thought I was gonna be alright

Remember the time
When we went for lunch
You said the sweetest things to me
I guess now it's all un true
I hope that guy will do the same to you

[Chorus]

[Bridge]
Don't come here and cry
Don't come here and cry
Hey
Your words just a lie
Why don't you break down a cry
Don't come here and cry
