There's a place you haven't been
Won't you let us show you in
Sense of self, no sense of time
Satisfaction's what you find
If u feel like we do
Let this love intrigue you in bliss, in bliss

Verse 1 - Rob:

I'll answer all your questions
And never fade away
No promises are broken
You see a brand new day
We can travel to the bottom of your valley
Just close your eyes and see
This physical emotion, compliments on me because

And mesmerize your mind
I'll show u secret places
Not seen in this lifetime
In the city where your breath is taken
Where boundaries undefined

You could bliss to it

Shake a body and a fist to it

Limit the game

Your threshold is disputed

So keep jerkin your neck bone and hip to it

Your man is hot garbage n' u should of let Chris do it

We rearrange and maintain your main frame

Whether you make shots for a knock a chain gang

The law stops for small fox n' flame dang

For raw jocks n' pros playing the name game
