Cause I could Never Love Another  
How I Love this Way  
My Heart is screaming now  
Begging you to stay  
And She don't Need to go  
Cause i Need her Love  
I bleed her Love  
(chorus)  
Don't wanna Hit Rock Bottom  
Everyday we fuss And Fight  
Cause I know that we both wanna Be right  
Don't wanna hit rock bottom  
Cause when im with you I feel live  
I don't wanna be the one that makes you cry  
Don't wanna hit rock bottom  
Im fallin im fallin im fallin  
now Rock bottom  
Im fallin im fallin im fallin  
now rock bottom  
Cause when im with you I feel live  
I don't wanna be the one that makes you cry  
Im down on my knees

Rollercoaster love  
Plenty ups and downs  
Whats the rightest day  
my heart still sticks around  
I'm in love too

Cause aint no other love I wanna know  
Cant let go, don't let go  
Cause I cant never love another how I love you babe  
My heart is yelling now

Baby you should stay  
(you should stay)

and you don't need to go  
cause I need your love, need your love  
(chorus)  
don't wanna hit rock bottom  
everyday we fuss and fight  
Cause I know that we both wanna Be right  
Don't wanna hit rock bottom  
Cause when im with you I feel live  
I don't wanna be the one that makes you cry  
Don't wanna hit rock bottom  
Im fallin im fallin im fallin  
now Rock bottom  
Im fallin im fallin im fallin  
now rock bottom  
Cause when im with you I feel live  
I don't wanna be the one that makes you cry  
Im down on my knees

To throw away love  
Girl I really need your love  
I want you in my heart  
Please let down your guard  
And take my hand  
I wanna be your man  
Just wanna be your man  
I apologize is there something I can make you do to  
realize  
That im the one for you  
And it makes me cry  
To think my baby might walk out my life  
(chorus)  
don't wanna hit rock bottom  
everyday we fuss and fight  
Cause I know that we both wanna Be right  
Don't wanna hit rock bottom  
Cause when im with you I feel live  
I don't wanna be the one that makes you cry  
Don't wanna hit rock bottom  
Im fallin im fallin im fallin  
Rock bottom  
Im fallin im fallin im fallin  
rock bottom  
Cause when im with you I feel live  
I don't wanna be the one that makes you cry  
Im down on my knees
