## "You're My"

You can be my homie, my ace, my friend and  
You can be my start, my middle, my end  
You could be my pillow, my cover, my bed  
Or you could be my drink that I'm sippin'  
Girl it's' not enough just to have you here with me  
And it's' not enough just to call you my baby  
Cause you're more than a diamond ring, More, than a  
pretty face  
I can't take it girl you're too much

It will take a lifetime to explain  
You're my, you're my

When they ask me I tell em' your name  
You're my, girl you're my  
There ain't' no reason just to keep playin' around  
Ain't no reason cause I'm good with what I found  
You're everything I need, everything to me  
You're my, you're my

You could be my food, my water, my pill  
You could be my kinky, my sexy, my thrill  
You can be my focus, my prize, my goal  
You could be the one I care for when we're old  
Girl it's' not enough just to have you here with me  
No it's' not enough just to call you baby  
Cause you're more than a diamond ring, more, than a  
pretty face  
I can't take it girl it's' too much

It will take a lifetime to explain  
You're my, you're my  
When they ask me I tell em' your name  
You're my, girl you're my  
There ain't' no reason just to keep playing around  
Ain't no reason cause I'm good with what I found  
You're everything I need, everything to me to  
You're my, girl you're my

And if I lost everything baby

I'd be ok cause I know that you'd stay with me  
I'd go for days without eating, drinking and sleeping  
Cause you got what I need baby and that's enough  
I'd have to be a fool to let you go  
Ooo Girl Feeling like I just won the lotto  
No more looking around  
Cause I finally found everything I need in you

It will take a lifetime to explain  
You're my, you're my  
When they ask me I tell em' your name  
You're my, girl you're my  
There ain't no reason just to keep playing around  
Ain't no reason cause I'm good with what I found  
You're everything I need, everything to me to  
You're my, girl you're my

You're My  
You're My  
You're My
