If you stay or if you go, I won't try, I won't hope
'Cause if you stay, or if you go, if you stay, or if you go
I won't try, I won't go, I won't try and I won't hide ...
'cause if you stay.

Despair, depression, feeling abandoned, lonely,
worthless, frustrated,
Worried, doubting, vulnerable, forgettable, losing self-
confidence
Heavy, irritable, fear of the future, obsessed with
possessions
Meaninglessness, friendlessness, fear of being penny
less
No one to touch, loss of psychological power because
there is change a foot.
Be with the change and at the same moment cultivate
enquimity
Spaciousness, emptiness, awareness and clarity it be
so.
