Spoken:

I'm the sub-total of my ancestors
I carry their DNA
We are representatives of a long line of people
And we carried them around either with
This long line of people
That goes back to the beginning of time
And when we meet - they meet other lines of people
And we say bring together the lines of me

When I look back over the years
At the things that brought tears to my eyes
Papa said we have to be wise
To live long lives
Now I recognize
What my father said before he dies
Vocalize things I've left unsaid
Left my spirit unfed for too long
I'm coming home to my family
Where I can be strong
Be who I planned to be
Within me my ancestry
Givin' me continuity

This is what my Daddy told me
I wished he would hold me
A little more
Than he did
But he taught me my culture
And how to live positive
I never wanna shame
The blood in my veins and bring pain
to my sweet grandfathers face
In his resting place
I made haste to learn and not waste
everything my forefathers earned in tears
For my culture

Chorus:

Fall back again
Crawl from the warm water

(For my culture)
Water to air
You're on your feet again
Your feet again.

Hello Dad,
Remember me?
I'm the man you thought I'd never be.
I'm the boy who you
Reduced to tears
Dad, I'd been lonely for 27 years
Yeah, that's right
My name Rob
I'm the one
Who landed the popstar's job
I'm the one who
You told look, don't touch
I'm the kid
Who wouldn't amount too much.

I believe in the senses that I sound
I have always been around
Won't you help me drown it out?
And When I feel
What I'm feeling is so real
I'm a massive of spinnin' wheels
Always digging in my heels
Now I got the faith to

Fall back again
Crawl from the warm water
Water to air
You're on your feet again
Your feet again.

This is what my Daddy told me
I wished he would hold me
A little more
than he did
But he told me my culture
And how to live positive
I never wanna shame
The blood in my veins and bring pain
To my sweet grandfathers face
in his resting place
I make haste to learn and not waste
everything my forefathers earned in tears
For my culture

Fall back again
Crawl from the warm water

Water to air
You're on your feet again
Your feet again
(For my culture)

Fall back again
Crawl from the warm water
Water to air
Your on your feet again
Your feet again
(For my culture)
