It's something I can't hide,  
It's always on my mind  
(Every single day,  
It's always the same(  
So what can I do? and what will I do?  
(We know that I'm thinking of you  
I find myself second guessing truth  
(Because who ever thought it'd be me and you  
So what's there to say?  
What can I say?  
I love you, We both know it's true

(Perfection,  
A light grace away(  
Deception  
Gave in and gave way  
(To the exception  
That everyone seeks(  
The reflection  
Is of you at the least

((So where do we go,  
And what do we do  
(Whatever the answer,  
I need you(To help me along,  
You make me strong  
(With you I know I can't be wrong(  
So whatever the wait, how long it takes  
(Whatever the climb, or the struggle  
(I'll do it all, and even again  
(If it means that I'll be with you

Perfection,  
A light grace away(  
Deception  
Gave in and gave way  
(To the exception  
That everyone seeks(  
The reflection  
Is of you at the least
