Seven years of sterility, I was the puppet of malignant
divinity
Engaged by rules and rats, the factory slime was
powdering my mind
Salvation was beyond reach, reading death on the
menu
This breakdown of mine made even bitterness flee
reality

From the day you're born death is just around the
corner
Follows your every step - the sweetness of black

Solo

Was this his wish, this hell of pain, pushin' me thin in
the name of god
With machines grinding love, I was lost in paradise
But as I looked up at the burning sky the darkness
started feeding me
It was the call of the wild - a restart in self esteem
From the day you're born death is just around the
corner
Follows your every step - the sweetness of black

Solo

I feel dead but the tunnel of light I see not
I feel bad, yes the pleasures are there for me to take

I feel dead but the tunnel of light I see not
I feel bad, yes the pleasures are there for me to take

Solo

'Cause I'm a livewire on the rocks
Livewire on the rocks
Livewire on the rocks
Livewire on the rocks
Livewire on the rocks
