Over your shoulders  
They're breathing down your neck  
So cold and deceiving  
Crusade of christian perversions  
Heaven's ejection  
We're the free and afflicting ones  
With a burning mind apart  
Empty and shattered souls

You put my heart in darkness  
You made the sky turn black  
You made hell, you made me  
Abusing amusement down the dumps

Revolution in progress  
Worldwide devastation unfolds  
Destroying what that dog has "built"  
The hatred turns on christ  
Black souls outnumbered  
Still getting stronger and stronger  
Let's show those fuckers we're made of steel  
And we take no shit!!!

You put my heart in darkness  
Now it's payback time  
Freedom in the black society  
Storm of hatred

When darkness comes to town

Feel it in your bones baby  
As we stand and as we fight  
The power of the mind relieves this pain

Relieves this pain

Fall into the dirt of truth  
Avenge the bitter peace  
Dance on the face of the holy  
Lady in white so helpless in red

So helpless in red

Feel it coming  
Guiding you through the rough times  
It's bigger than god

Solo

When hatred comes to life - it comes to take control  
Piece by piece we take control - when hatred comes to  
life  
When hatred comes to life - like an angel from above  
We shall all live again!!!

This is the way of the real world  
My empire of dirt grows warm in my heart  
It all comes down to survival  
Living through hatred to achieve your love
