I've considered all sides, resist the war cries
Manifested more times than we don't care to count
You don't want to go there with me, cos I'll bury you
You don't want to save me; you don't want to play me
I don't want to say that, I don't want to say what
You don't want to go there, you don't want to go where
You so much as move a inch or
I don't want to say what it is, what are you thinking
You so much as move a inch or

I believe in none of the above
Have I failed to mention some of the above?
I believe in none of the above
Have I failed to reach you, failed to reach you

I've considered my side, reconsidered first prize
All about me and my and my
How to be a good man, How to be a good man where
Anybody want in? Anybody want out?
What about the whores in the Vatican selling me
You so much as move a inch or
I don't wanna bow down with you, at this altar of
I don't want to go there, I don't want to go where
You so much as move a inch or

I believe in none of the above
I believe in none of the above
Have I failed to mention some of the above?
Have I failed to reach you, failed to reach you

Ever said anyone ought to die alone?
And I've never known anyone, not a single soul
I don't know, I don't care, when I'm gone, I'm gone
Never known anyone, not a single soul
Let it go, let it go, and this world becomes
Ever said anyone ought to die alone?
Let it go, let it go, and this world becomes
I don't know, I don't care, when I'm gone, I'm gone

You so much as move
You so much as move

You so much as move
You so much as move
You so much as move
You so much as move
