Hey you, lets play tycoon! Original railroad tycoon!
I will build biggest railway and I will beat you all
I will build biggest railway and I will beat you all

Let's play this game, first choose your map
And choices are, Europe Great Britain or USA

Choose your cities,
Choose your cities,

Now you see us waving, I never let you go,
Never let you go, never let you go
Until the day I die, I never let you down,
Never let you down, never let you down

Bow wow! I'll crush your railway,
Oh no, you choose frigging failway

Seems like I won this game and I'm still beat you all
Seems like I won this game and I'm still beat you all

Bree-bree-bree-bree-bree (x4)
Row-row-row-row
I'm so much better than you, so much stronger than
you!

Mm, oo-lala
I'll be waiting for you, I never let you go
I'll be waiting for you, I never let you go

Now you see us waving, I never let you go-go,
Never let you go-go, never let you go
Until the day I die, I never let you down-down,
Never let you down-down, never let you down

Now you see us waving, I never let you go,
Never let you go, never let you go
Until the day I die, I never let you down,
Never let you down, never let you down
