

One Morning Left "Lovestruck"

Visit "[Lovestruck](#)" on MotoLyrics.com

This man has been lovestruck many times before,
His heart has been broken; he wont take anymore,
She don't even know what she's sorry for,
She's got to understand love,
Understand love

They say she's one of a kind,
They tell her all the time,
Just look in her eyes,
She gets all the guys,

It's in the way she talks,
It's in the way she walks,
It's in the way she smiles,
One of her kind; full of style

She's known for having her ways,
With someone but never stays,
Leaves men amazed, but all she says, is that she "isn't
phased"

I've been there once before,
Left cryin on the floor,
Still she comes back for more

This man has been lovestruck many times before,
His heart has been broken; he wont take anymore,
She don't even know what she's sorry for,
She's got to understand...
This man has been lovestruck many times before,
His heart has been broken; he wont take anymore,
She don't even know what she's sorry for,
She's got to understand love,
Understand love

She's got to understand,
Just how to love a man,
But I don't think she can,
They can't take all her demands,

The way she brings them down

Down to the ground
The way she plays around
She well known around this town

She needs to understand love,
And know what it really means,
To know how it really feels, to love somebody for real

But she took me as a fool,
Somehow I made it through
I'm not your fool!

This man has been lovestruck many times before,
His heart has been broken; he wont take anymore,
She don't even know what she's sorry for,
She's got to understand...

This man has been lovestruck many times before,
His heart has been broken; he wont take anymore,
She don't even know what she's sorry for,
She's got to understand love,
Understand love

This man has been lovestruck many times before,
His heart has been broken; he wont take anymore,
She don't even know what she's sorry for,
She's got to understand...

This man has been lovestruck many times before,
His heart has been broken; he wont take anymore,
She don't even know what she's sorry for,
She's got to understand love,
Understand love

This man has been lovestruck many times before,
His heart has been broken; he wont take anymore,
She don't even know what she's sorry for,
She's got to understand...

This man has been lovestruck many times before,
His heart has been broken; he wont take anymore,
She don't even know what she's sorry for,
She's got to understand love,
Understand love
