Every time I see your face
I just forget about this place
The way, I feel, about, you got me feeling down

I dunno what to say, I dunno what to do
And you don't understand what I'm going through

I dunno how to feel and how am I meant to breathe?
Coz when you're near you take my breathe away

You're my saviour
You're my saviour
Come and save me
Save me from the pain I feel

You're my heart
You're my soul
You can be everything I own
Please don't leave here unknown

In the unknown
Where do you go?
Coz nobody knows

So why don't you stop what you're doing?
Why don't you prove to me, coz you are meant for me
And you can't seem to 'find the time', and you always
want 'your space'
But how would you feel if you woke up one day and you
were replaced?

Replaced with someone new, now do you want to un-
do,
That past, we shared, our love, is true...

You're my saviour
You're my saviour
Come and save me
Save me from the pain I feel

You're my heart

You're my soul
You can be everything I own
Please don't leave here unknown

You know that I treat you good,
Do all the things you know I should
I wouldn't leave you mis-understood,
I'd be good to you,
I'd be good to you

I know I can be the one, just like it was when we begun
Shining more just like the sun, I'd be good to you...

Baby girl I know you are the one but you just gotta
understand that
I know you are my lady and I know I am your man
We can shine, really bright,
In the sky, last all night, we know it's right,
Hold me tight, no need to fight

I know you treat me good, and I love you from my
heart,
We've had our ups and downs, now we're back to the
start
You were the one to take away my years,
You will never be alone, I won't make you be unknown

You're my saviour
You're my saviour
Come and save me
Save me from the pain I feel

You're my heart
You're my soul
You can be everything I own
Please don't leave here unknown

In the unknown
Where do you go?
Coz nobody knows

In the unknown
Where do you go?
Does somebody know?

In the unknown
Where do you go?
Coz nobody knows

Coz this is how we were meant to be...
