Tell him why you act this way
You get the text and turn away
He thought you were locked in love
Is the lock un-done?

Tell him why you blank his calls
You're slowly, surely building walls
That he can't climb, he's left behind...

Sometimes girls lie
That's when boys cry
A single tear is all it takes
To show how bad his heart aches

Sometimes girls lie
That's when boys cry
Another lie to be believed
Another result you have achieved

He thinks he's big, he thinks he's strong
But you've been lying all along
If only he knew your secret way
Tell him 'move on, or choose stay'

I know, you wont leave him... never
I'm left wanting you forever
Now I'm left out on the side
The 'other boy' you tried you hide...

Sometimes girls lie
That's when boys cry
A single tear is all it takes
To show how bad his heart aches

Sometimes girls lie
That's when boys cry
Another lie to be believed
Another result you have achieved

So now the weeks have past
And time has gone

No message, no text, no call at all...

Sometimes girls lie
That's when boys cry
A single tear is all it takes
To show how bad his heart aches

Sometimes girls lie
That's when boys cry
Another lie to be believed
Another result you have achieved

Sometimes girls lie
That's when boys cry
A single tear is all it takes
To show how bad his heart aches

Sometimes girls lie
That's when boys cry
We had our time; I'll fade away
That's why I cry...
