Step out the door and it feels like rain
That's the sound (that's the sound) on your
windowpane
Take to the streets but you can't ignore
That's the sound (that's the sound) you're waiting for

If ever your world starts crashing down
Whenever your world starts crashing down
Whenever your world starts crashing down
That's where you'll find me. (yeah)

God love your soul and your aching bones
Take a breath, take a step, meet me down below
Everyone's the same, our fingers to our toes
We just can't get a right, but we're on the road

If ever your world starts crashing down
Whenever your world starts crashing down
Whenever your world starts crashing down
That's where you'll find me. (yeah)

Lost 'til you're found
Swim 'til you drown
Know that we all fall down
Love 'til you hate
Strong 'til you break
Know that we all fall down

If ever your world starts crashing down
Whenever your world starts crashing down
Whenever your world starts crashing down
That's where you'll find (find) me

Lost 'til you're found
Swim 'til you drown
Know that we all fall down
Love 'til you hate
Strong 'til you break
Know that we all fall down

All fall down (x6)

Lost 'til you're found
Swim 'til you drown
Know that we all fall down
Love 'til you hate
Strong 'til you break
Know that we all fall down
