No sleep  
Today  
Can't even rest when the suns down  
No time  
There's not enough  
And nobodys watchin me now

When we were children we'd play  
Out in the streets just tempting fate  
When we were children we'd say  
That we don't the meaning of  
Fear, fear, fear,  
Fear, fear, fear  
We don't know the meaning of...

When we were children we'd play  
Out in the streets just tempting fate  
When we were children we'd say  
That we don't the meaning of  
Fear, fear, fear,  
Fear, fear, fear  
We don't know the meaning of...

Wish I  
Didn't know the meaning of...
