I wanna feel the sun, have barbecues,
I wanna see my friends, the old and new,
We'll turn on the game,
And share some laughs, and we'll play, this and that.
And we'll say goodbye, to rainy days,
To colder nights, and the empty trees,
Now full of life, and colors new,
And it's all, here for you.
To see, cloudless skies, summer days,
Feels just like it's on the way,
Kids are out, it's safe to play,
And it feels just like a beautiful day.
Cloudless skies, summer days,
Feels just like it's on the way,
Kids are out, it's safe to say,
But it feels just like a beautiful day.

A beautiful day, a beautiful day.
A beautiful day, a beautiful day.
Ladadadadada, ladadada.

I wanna feel the grass,
Between my toes,
I wanna hear the birds, as they come and go.
And I'd love to fly, if I had wings, and I'd bring you with me.
I wanna hit the beach, the ocean air,
And we'll let the sand, get everywhere,
And we'll watch the sun, as it mounts away,
And I'd smile, just to say, with you,
Cloudless skies, summer days,
Feels just like it's on the way,
Kids are out, it's safe to play, and it feels just like a beautiful day.
Cloudless skies, summer days,
Feels just like it's on the way,
Kids are out it's safe to say, but it feels just like a beautiful day.
A beautiful day, a beautiful day.
Beautiful day, beautiful day.
Ladadadadada, ladadada.

Winter's down, music up,
Feel the sun from above, cloudless skies,
Summer days, feels just like it's on the way, it's just a
beautiful day.
Cloudless skies, summer days,
Feels just like it's on the way,
Kids are out, it's safe to play, and it feels just like a
beautiful day.
Cloudless skies, summer days,
Feels just like it's on the way,
Kids are out it's safe to say, but it feels just like a
beautiful day.
A beautiful day, a beautiful day.
Beautiful day, beautiful day. Ladadadadada, ladadada
