Used to come around here every day  
Now you're breakin  
Used to be the one that is not ashamed  
Now you shamin  
Lost in all the wars we fought  
Never saw a road  
Now that i think about you in the skies  
I'd turn my row  
And i wonder where you are  
Now I wonder where you..  
Are  
[oooooh]

Take yourself down  
Pick yourself up  
Everything changed when you got along  
7 point 1 took it all down  
Suddenly you can't even be found  
I said all night long

Missing person's in the window  
Staring at me  
Saying things I cant hear  
A missing person's in the window  
Staring at me  
Haven't seen them in years

(Instrumental)

First things first  
Second in command

Right as i'm trying to change my plan  
Second gonna die  
Oh he cant breathe  
Everybody's staring straight at me  
You spend it all chasing those lies  
I dont really wanna take that chance  
I dont really wanna do that dance  
I dont know what to do till you say  
Oh i dont wanna let you go  
But i cant keep holding on

Skies of silver, Stars of gold  
And now you know just what you like

So far this love is all i have  
So far this hurt is all i have

Missing person at the window  
Missing person at the window  
A missing person at the window  
Missing person at the window  
I wonder where you are  
I wonder where you are  
I wonder where you are  
Wonder where you...
