We say good-bye
I turn my back
Run away, run away
So predictable
Not far from here
You see me crack
Like a bone, like a bone
I'm so breakable

And I take everything from you
But you'll take anything
Won't you?

Run away, run away
Like a prodigal
Don't you wait for me
Don't you wait for me
So ashamed, so ashamed
But I need you so
And you wait for me
And you wait for me

I'm on the road
To who knows where?
Look ahead, not behind
I keep saying
There's no place to go
Where you're not there
On your rope, I hold tight
But it's freeing

And I take everything from you
But you'll take anything
Won't you?

Run away, run away
Like a prodigal
Don't you wait for me
Don't you wait for me
So ashamed, so ashamed
But I need you so
And you wait for me

And you wait for me

Everybody wants to be right
But only if it's not day light?
I keep trying to find my way back
My way back

Run away, run away
Like a prodigal
Don't you wait for me
Don't you wait for me
So ashamed, so ashamed
But I need you so
And you wait for me
And you wait for me

Runaway
Runaway
Runaway
From you
From you
From you
