Do you know
Do you care do you feel
What it is that i wanna say
Here today gone tomorrow
I know the pain
That drags you down
Iâ€™ll be glad to entertain
You know itâ€™s true
But i will never be your clown
Because deep down
You really know i knowâ€¦

Something simple
Something special
I havenâ€™t got a clue
In the face of this decision
Itâ€™s all that i got for you

I tell you the truth itâ€™s not enough
What youâ€™re givinâ€™
Câ€™mon you gotta see the chance
Let those voices twist your head
And you will learn to be like them
Rather dance with the light
With your dreams
Cause what you carry
Carries you away it seems
