It's just another phantasy  
All the little games you tried to play with me  
You're such a sleaze  
And all those things you planned for me  
Didn't work out  
Now you're cryin' like a child  
That fell down to it's knees  
All those strange things  
That'll happen to ya

Where did you wanna go  
Whatever you wanted to be  
If something didn't work out  
You can blame it on me  
Things you needed to know  
Whatever you needed to see  
If anything turned sour  
You can blame it on me

You know to me it's all the same  
Whether you hate me or feel better  
Cause i take the blame  
So go ahead and crucify  
Try as i may i'll never understand  
Your web of lies  
All those good things  
That could have happened to ya
