I've been longing for this moment all my life.  
I've been dreaming since I could dream.  
Though it's taken quite a journey,  
We're only ending the beginning.

Here we are, I'm oh so close.  
Can't you see you're not too far away?  
Just a little bit closer, a little bit closer.  
There's so much to say.

Built to be one, like the pieces of a puzzle.  
While our passions collided through reasons of  
seasons.  
Though I know it won't be easy,  
I know I want you to go with me.

Here we are, I'm oh so close.  
Can't you see you're not too far away?  
Just a little bit closer, a little bit closer.  
There's so much to say.  
So near to far. The moon begins to rise.  
Be my ocean's tide.  
And carry me out to the dream  
So I drown in whatever it brings.

As I'm standing on this shore,  
Can you see I'm needing more?  
My hearts wish is just to know  
What it's like, what it's like.

As I'm standing on this shore,  
Can you see I'm needing more?  
My hearts wish is just to know  
What it's like in the everglow.

Here we are, I'm oh so close.  
Can't you see you're not too far away?  
Just a little bit closer, a little bit closer.  
There's so much to say.  
So near to far. The moon begins to rise.  
Be my ocean's tide.  
And carry me out to the dream

So I drown in whatever it brings.

Here we are, I'm oh so close.  
Can't you see you're not too far away?  
Just a little bit closer, a little bit closer.  
There's so much to say.  
So near to far. The moon begins to rise.  
Be my ocean's tide.  
And carry me out to the dream  
So I drown in whatever it brings.
