

Cry Of The Afflicted "A Scar Filled Sky"

Visit "[A Scar Filled Sky](#)" on MotoLyrics.com

Eruptions of fire and stone all around
They fill the air and shake the ground
And it's proving impermanence
The tortured landscape leaves nothing will be left alive

Bury my remains
Under ashes falling on my grave
Make me whole again
Give me the sight to see Your ends

Bury my remains
Cover up this body in decay
Make me whole again
Paint me on a brand new canvas

Not far from here, a place prepared
Can't find my way, send up a flare
Open the sky, show me the way through twilight

Bury my remains
Under ashes falling on my grave
Make me whole again
Give me the sight to see Your ends

Bury my remains
Cover up this body in decay
Make me whole again
Paint me on a brand new canvas

Even now I see a spark in the distance
A flicker of hope for peace and silence

This span is so hostile, won't last forever
This path through struggle will make me stronger
This span so hostile, won't last forever
This path through struggle will make me stronger

Bury my remains
Under ashes falling on my grave
Make me whole again
Give me the sight to see Your ends

Bury my remains
Cover up this body in decay
Make me whole again
Paint me on a brand new canvas

Bury my remains
Under ashes falling on my grave
Make me whole again

Bury my remains
Cover up this body in decay
Make me whole again
Paint me on a brand new canvas
